EPCOR PAYMENTS CONFERENCE - SPRING & FALL

Join industry leaders for a look at the current payments landscape, zeroing in on recent and upcoming advancements in the payments space. Includes multiple tracks of informative sessions, peer-to-peer networking, solution-packed exhibit hall and more.

PAYMENT SYSTEMS UPDATE

Available virtually and in multiple in-person locations, this member-favorite update covers what you need to know to maintain compliance with the ever-changing rules and regulatory landscape.

EPCOR PAYMENTS UNIVERSITY

This casual, university-style learning event features a multi-track series of interactive, workshop-style sessions designed for all learning levels. Create your own learning experience by customizing your agenda with fundamental or advanced courses—or both available virtually and in person!

QUARTERLY COMPLIANCE AND FRAUD REVIEW WEBINAR SERIES

Stay on top of the latest compliance and fraud issues currently impacting the payments space. This webinar series examines the latest threats and challenges circulating the payments industry so that your organization can plan a proactive response.

QUARTERLY EPCOR INDUSTRY UPDATE WEBINAR SERIES (FREE TO EPCOR MEMBERS)

Stay up-to-date on the latest initiatives, rules and regulations that impact all financial institutions and businesses. Hosted as live webinars and then conveniently made available on-demand in the Knowledge Community, these updates provide timely information on evolving payments industry initiatives.

VIRTUAL ACH DAY CAMP

Build a solid foundation that will support you throughout your career as a payments professional. Our accredited trainers will teach campers the ropes of ACH basics including technical aspects of the ACH network, *ACH Rules*, exception handling and risk management.

VIRTUAL CHECK DAY CAMP

Build a solid foundation that will support you throughout your career as a payments professional. Our accredited trainers will teach campers the ropes of check basics including technical aspects of the network, exception handling and risk management.

VIRTUAL CANNABIS SYMPOSIUM

This symposium will provide important information and insight on the expanding legal cannabis industry so you can plan and adjust the course for your organization. Learn from leading experts in the payments industry as they share a variety of perspectives.

VIRTUAL COMFRAUDULATION SYMPOSIUM

This special symposium will bring in special guest speakers to discuss the latest challenges impacting the payments industry compliance, regulatory and fraud spaces. Join us to hear insights on hot topics including risk mitigation, fraud trends, regulatory updates and more.

VIRTUAL FASTER PAYMENTS SYMPOSIUM

Garner perspective on the faster payments landscape from leading experts in the payments industry. Learn what you need to know about faster payments to plan your organization's approach and examine how faster payments can be leveraged at your institution.

VIRTUAL LEGAL SYMPOSIUM

Special guests from Adams and Reese, LLP provide a unique perspective on topics such as RDFI rights and responsibilities, data security, digital payments and navigating CFPB rules. Examine the legal and regulatory responsibilities of an RDFI including the legal impact of common violations.

IN-PERSON PAYMENTS COMPLIANCE WORKSHOP

This two-day workshop will cover a variety of rules, regulations and guidance that govern the payments industry. Gain a better understanding of the impact of common compliance considerations on your organization.

IN-PERSON ACH ORIGINATION WORKSHOP

Through hands-on activities, attendees will learn how to apply the applicable rules and regulations to the management of the ACH origination process and its participants. ACH file management and delivery, security best practices and fraud mitigation techniques will also be discussed.
